

Battlewheel Instructions

Setup

1. Roll for Join Battle as normal
2. Put fastest character in any outer segment
3. Place the pointer on the same segment, but in the inner circle
4. Place other characters clockwise in the outer segments. One segment away from the fastest character for each tick they have to wait.

Play

1. Everyone on the same segment as the pointer may act
2. Advance characters clockwise around the ring. As many segments as the speed of the executed action was.
3. Move pointer clockwise along the inner ring until it is in a segment with characters in the outer ring. Return to step 1
